TeleEye
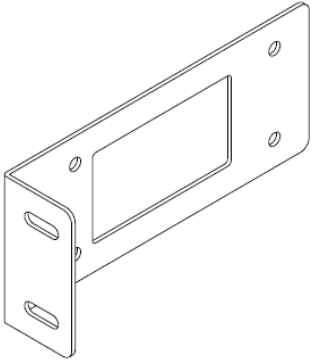

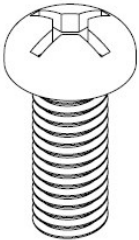

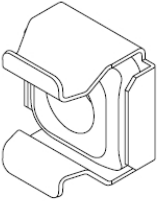

GX Server Rack Mounting Kit

Quick Installation Guide

**(19" Server Rack Use Only)**

Package Contents

	Mounting Racks 2 pcs
	M6 Screws 12 pcs
	M6 Cage Nuts 4 pcs
	Quick Installation Guide 1 pcs

Step 1

Install mounting racks on each side of GX casing by tightening 4 pcs M6 screws. As shown:

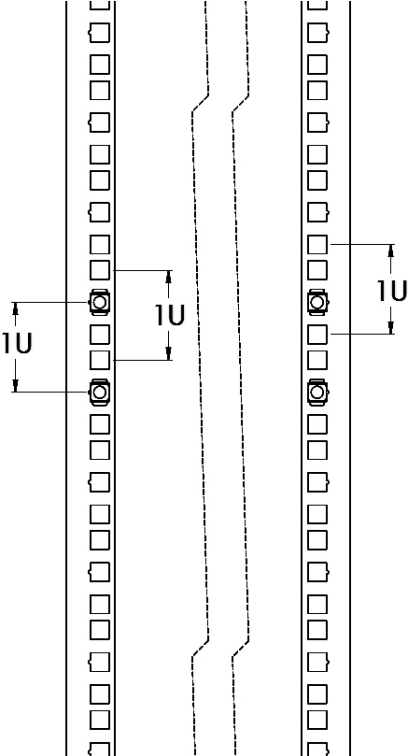

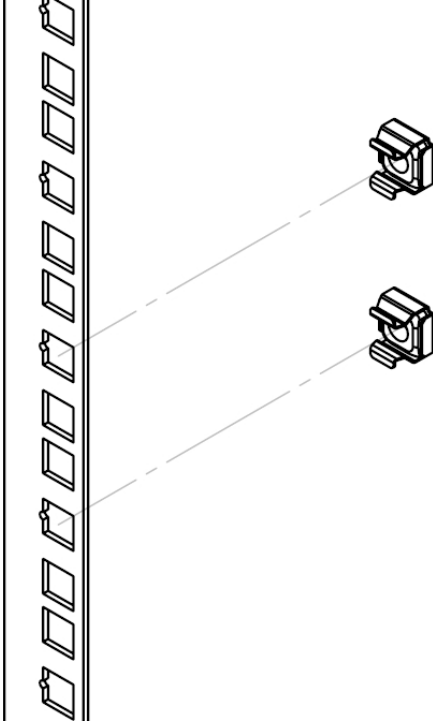

Tips

The 4 standoffs at the bottom of GX casing can be removed by loosening screws in order to fit limited space 2U in 19" server rack.
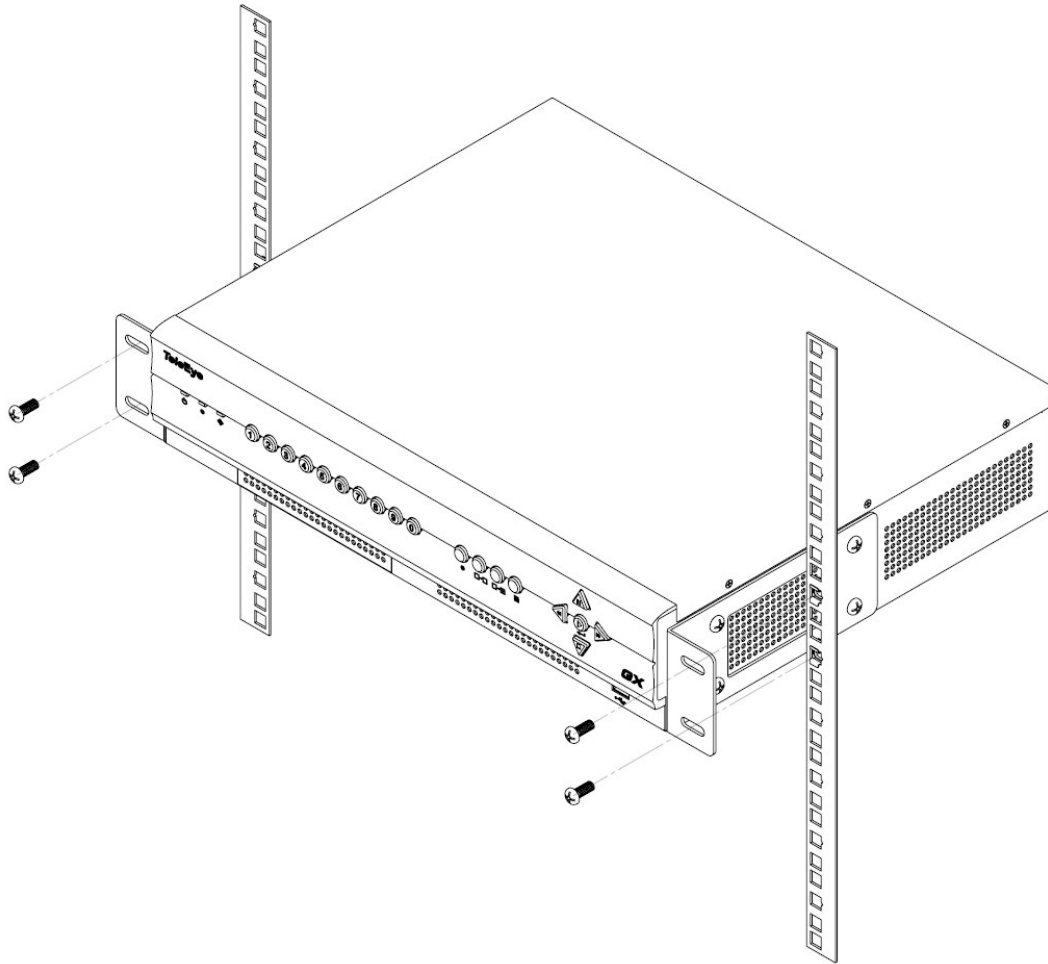

Step 2

Install 2 pcs M6 cage nuts on each arm of 19" server rack with 1U spacing separation. (1U = 1.75" = 44.45mm). As shown:

TeleEye

Step 3:

Install the step 1 finished product to 19" server rack by tightening 4 pcs M6 screws to M6 cage nut each. As shown:
